

Workshop Flying Bird

This bird is flying! You will be making 1 bird complete with wings and in your choice of color. It looks stunning between the plants in your garden or just by itself on the patio! The bird is 22 cm long with a wingspan of 30 cm (almost 1 ft).

You can buy ready-to-go kits during the workshop to make more birds, maybe even a flock!

Workshop: \$ 75.00 (long rod for garden is included)

Bring A lunch and a roll of aluminum foil.

You can buy ready-to-go kits during the workshop to make more birds!

Workshop Long Legged Birds

In this workshop you will make two long legged birds. The tallest bird is approximately 35 cm tall (just over 1 foot). They are great indoor decoration objects, but of course, just as with everything made with Paverpol they can also go outside!

Workshop \$ 90.00

Bring A lunch and a roll of aluminum foil

Workshop 2 post sitting Birds

In this workshop you will make two birds sitting on a wooden 4x4 post. The birds are approx. 112 cm (5") tall. They are great indoor decoration objects, but of course, just as with everything made with Paverpol they can also go outside!

Workshop \$ 95.00 (or 85.00 without the wooden posts)

Bring A lunch and a roll of aluminum foil
