

BECOME A CERTIFIED PAVERPOL INSTRUCTOR

The course is designed for people who want to make an extra income by hosting Paverpol classes and want to learn everything there is to know about the basics of working with Paverpol. The Certified Teachers course is a two-day course. You will work with all Paverpol products in three different projects. Two projects being human sculptures and 1 abstract art stone project. A great course with lots of experimenting and trying various techniques.

If you want to receive more detailed information just email or call us! The course is scheduled about three times per year.

Should you be interested to learn more about how to work with the different Paverpol products but you don't necessarily want to become an instructor then a 'normal 2-day course' would be a great option!

For more information or a chat; don't hesitate to call 1604-701-7793 or email info@orangewireart.ca if you have any questions
